No Response Received	<p>Education: Master's and Doctorate, University of Toledo</p> <p>Current occupation: School Psychologist, consultant, City Councilman</p> <p>Qualifications: Experience serving on the Oregon School Board and current incumbent on Oregon City Council, serving as the Chairman of the Finance and Budget Committee</p> <p>Questions:</p> <p>1) It is of utmost importance to maintain safe drinking water and fight for a clean environment. Keeping Lake Erie clean for our drinking water is of paramount importance. I also recognize the tremendous economic impact that a clean Lake Erie provides for us. We are updating our water treatment center with state of the art Ozone system which relies on a natural process to produce high quality, safe drinking water.</p> <p>2) I bring a great deal of experience recognizing that a team approach is necessary to accomplish great things for our citizens. To me it is not important who gets credit, but that our community goals are reached. As chairman of the finance committee of council I feel it is important to build financial security for our citizens, but also provide quality of life amenities that will help keep our youth in our community. Our bond rating is rated AAA. During my tenure job growth has remained steady to help provide jobs for our citizens and youth after they have received post High School training. We have an excellent administrative and general staff working in our public service, fire, police, street, water, sewer and recreation departments. Our employees work together as a disciplined family. I work hard to help develop this environment of trust, mutual support and strong work ethic.</p>	No Response Received
