

Annual Meeting Membership Report 2016

Last year our local league approved a process to consolidate all membership expirations into 3 different months (Feb, Jun & Oct). By the end of this calendar year we will have accomplished that consolidation. Memberships from 2014 - 2015 equalled 39

Since our Annual Meeting last year :

- We had 4 members not renew (1 moved away)
- We had 2 new members

Memberships from 2015 - 2016 will end with 37

The Board has been working on updating our local Brochure so it can be used as a marketing tool to inform prospective members of what we are all about. It is my hope that we can get the word out this year and increase our membership to a number in the 40's. Won't you help by doing one of the following:

- share info with your friends
- help staff our Membership Table at the various events (Garage Sale is this weekend)
- be involved in as many of our events as you can.

Thank you.

Barb Colvin
