- 2) What I bring to the position, I bring years of business management to the position with a very strong work ethic and a responsibility to the residents to help out anyway possible and the energy to follow through with a promise.

**Responses to Questions:**

- 1) The most important issue brought to my attention by the residents of the Township concerns abandoned houses, obnoxious weeds and nuisance properties.

Our residents want to welcome the Toledo Metro Parks to our Township with class, dignity and pride. I would work closely with the current Township zoning inspector and the Lucas County Land Bank to improve the quality of neighborhoods, increase land values and eliminating hazards to public health and safety.

Other issues would be to maintain the excellent safety service of our fire department, to continue the progress of the current sports complex, to continue education and safety programs in our schools, to complete the John T. Kennedy Park and to support the Township food pantry.

- 2) I would be honored to join the Jerusalem Township Board of Trustees. I feel I could provide a professional and dedicated female perspective to all decisions that affect the residents of the Township. I can relate to the financial background of our Township and currently work closely with State and Local officials. I also vow to listen and respond to all concerns to the best of my ability in a timely manner.
