

# LEAGUE OF WOMEN VOTERS OF TOLEDO-LUCAS COUNTY

## Voter Services

### Purpose

Since the establishment of the League in 1920, LWV members have pursued a two-fold mission of education and advocacy. Citizen education, or voter services, promotes the active and informed participation of citizens in government. Through Voters Service, the League provides nonpartisan, factual information on government, political parties, voting procedures, election issues and candidates. The League also encourages citizens to participate in the electoral process by registering voters, hosting or co-hosting "Candidates Forums."

Our Mission – to have citizens think for themselves and provide nonpartisan information to enable them to make that decision. We do that by issue a Voter's Guide and hosting or co-hosting candidate forums.

In addition to the voters' guide and candidates forums, Voter Services also update "They Represent You" (TRY).
